

SKL EMC shield clamps

- Very large-scale contact of the cable shield
- Assembly: Strip cable shield – press in – ready
- Permanent spring pressure on the cable shield
- Regular adjustment of the pressure is not necessary
- Space-saving and cost efficient solution

Shield clamp LF/SKL for assembly on subplates

	Type	Order No.	Shield diameter	PU
	LF/SKL 1,5 - 3	36251	1,5 - 3 mm	10
	LF/SKL 3 - 6	36253	3 - 6 mm	10
	LF/SKL 6 - 8	36255	6 - 8 mm	10
	LF/SKL 9 - 11	36256	9 - 11 mm	10
	LF/SKL 12 - 16	36257	12 - 16 mm	10
	LF/SKL 17 - 22	36258	17 - 22 mm	10
	LF/SKL 23 - 29	36259	23 - 29 mm	10

The LFZ/SKL is an advancement of the proven LF/SKL series. By using the possibility of strain relief with a conventional cable tie, the LFZ/SKL series combines both EMC shielding and strain relief in a perfect way.

NEW: Foot with integrated strain relief.
