

KEL-DPZ Round cable entry plates

The product range has expanded with new sizes and variations. Now available are versions for cables up to 22,2 mm diameter.

Your advantages:

- Assembly within seconds
- Very high packing density
- Automatically sealed and provides strain relief
- Dual sealing of the cables according IP 65
- Unused entries remain closed and sealed
- Extremely flat structure (9 mm installation height)
- Securely fixed with metric locknuts
